

# PUBLIC DAILY LEDGER

SIXTH YEAR.

MAYSVILLE, KY., THURSDAY, NOVEMBER 18, 1897.

ONE CENT.

LARGEST IN THE CITY.

## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

## We Knew We Had a Good Thing in the Stock of Goods

We bought by electric light a few days since. There is so much clap-trap clothing advertisements in vogue just now that we refrained from saying very much about the purchase. We simply called the public's attention to it by telling them to look at the display of these goods in our windows and note the prices on them. We knew we would sell some of them. The warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and placed them in our windows our store has been crowded with customers anxious to secure these unheard-of bargains. We advise our friends who contemplate buying Fall Suits and Overcoats not to let this opportunity slip. It is only once in a long time that circumstances arise that enable merchants to secure first-class clothing that can be sold for less money than the cheaply gotten-up stuff that is flooding the market just now.

How to Cure Bilious Colic.  
I suffered for weeks with colic and pains in my stomach caused by biliousness and had to take medicine all the while until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured me. I have since recommended it to a good many people. Mrs. F. BUTLER, Fairhaven, Conn. Persons who are subject to bilious colic can ward off the attack by taking this remedy as soon as the first symptoms appear. Sold by J. James Wood, Drug-gist.

## TOUGH ON THE GIRLS.

It Took Three Able Lawyers to Get Four Clients in Hockelty.

One gentleman and three ladies were yesterday tried before a Jury in Judge Wadsworth's Court.

The charge was disorderly conduct, and when the prosecution got through there wasn't a peg upon which the slightest hope for conviction could have been hung.

It was only after the three lawyers for the defense put their witnesses on the stand that the prosecution took heart; and what that Jury did was a plenty.

The verdict was \$10 and costs in each case.

The gentleman and one lady gave bond, while two ladies are in Jail for lack of \$16 85 apiece.

## Y. M. C. A. MATTERS.

What the Local Association is Doing For the City's Young Men.

At the special service last evening Mrs. Ernest Daulton sang a solo very sweetly, accompanied by Mr. Lee B. Gray on the clarinet. Rev. B. K. Muse sang as a solo "Ashamed of Jesus," which was very helpful in its sweetness. Rev. Rapp's address on "Sowing and Reaping" was a very impressive one and of great spiritual import.

Tonight at 8 o'clock the Rev. F. M. Tindler of Mayslick will speak on the subject "A Man and His Conscience." The men of this city are earnestly invited to attend this service and enjoy this talk by one of God's chosen servants.

At several of the prayer-meetings in the Churches tonight delegations of two young men from the Association will speak of special work for young men. This plan proved helpful last year and will undoubtedly prove so again this year.

## KNOWS THE GUILD.

Another Case Where President McKinley Appoints a Newspaperman as Postmaster.

Richmond Post-Dispatch.

### PROPER RECOGNITION.

President McKinley did the proper thing when he appointed Ben W. Hall Postmaster of Mt. Sterling.

Mr. Hall is an old newspaperman and was formerly Editor of The Mt. Sterling Gazette.

We are glad to see Major McKinley recognizing the newspaper men.

They deserve it, because in the fight of 1896 they contributed largely to the victory achieved by the Republicans.

Too much cannot be done for the knights of the quill.

They are tireless workers in a good cause always, and to leave them out entirely would be worse than soldiers deserting a General upon the field of battle.

Congratulations, Postmaster Hall!

## "MYSTERY" EXPLAINED.

The Ledger Solves the Ownerless Buggy and Lady's Hat Matter.

The following letter explains what appeared to be a very suspicious circumstance:

HELENA STATION, Ky., Nov. 16th.  
Editor Ledger: I saw in Tuesday's issue of your paper that a horse and an empty buggy were found on the Mt. Carmel pike Sunday night.

I think perhaps I can give you some information in regard to it.  
Tuesday a Negro came here, who said his name was Charles Brown of Sardis, Ky., inquiring for a buggy and horse that he said had gotten loose from him Sunday night at Mayslick. He was driving with two Negro girls and said that the horse had thrown all of them out by upsetting the buggy. He traced it to Williams's tollgate near Lewisburg on the Mt. Sterling pike, and there all trace of it was lost.

Brown said the horse was about 3 or 4 years old, weighed about 800 pounds and I think he said he was a bay; he also said he bought the buggy last August, and it should look nearly like a new one. Truly yours,  
R. M. WELLS.

## IN INDIANA.

Another Naysville Man Making His Way to the Front in That State.

Maysville residents are always pleased to learn of the success with which many former citizens are meeting in points outside of Kentucky.

Among the number pushing his way to the front is Mr. J. A. Kenny, a son of Mr. M. J. Kenny of the Sixth Ward, this city.

Mr. Kenny is now residing at Converse, Ind., where he is employed in the Converse Planing Mills, owned and operated by his father-in-law, Mr. L. G. Murphy.

The Northwestern Lumberman, an illustrated journal giving a history of the lumber industry of Indiana, has the following to say of Mr. Kenny:  
"J. A. Kenny, Mr. Murphy's son-in-law, a native of Vermont but an adopted son of the South, is the Secretary and bookkeeper of the Converse Planing Mills. Though comparatively new to the business, he already evinces a taste for and insight into it that indicate a success in his newly chosen line. He is a man on the sunny side of 30, who has intelligently adapted himself to his position, and is well liked and uniformly popular in his business and social relations."

## WINS HER CASE.

A Maysville Lady Successfully Defends Suit By a Carlisle Bank.

A case involving a nice point of law was tried before Judge Parker at Lexington a day or two since.

The Deposit Bank of Carlisle was suing Mrs. Ollie B. Stitt, formerly a resident of Lexington, but now residing in this city.

About a year ago Mrs. Stitt borrowed \$150 from this Bank, and when she had made notes for same the Cashier of the Bank, who was also a relative of hers, brought out a note signed by her husband for \$125, which was past due.

He persuaded her to sign a new note for this one, saying that it was all right, as her husband was sick at the time and not able to pay it, and that they just wanted to get their papers in good shape.

She had not received any of the money for this note, nor did she know of its existence until then.

Last spring the Bank brought suit on these notes.

She promptly paid the ones on which she had received any money, but resisted the payment of the other on the grounds of no consideration.

The Bank was represented by its President, Mr. Hanson Kennedy, and Attorney H. E. Ross, while Barrister L. J. Moore presented the cause of Mrs. Stitt.

The Jury was given lengthy instructions, but despite the legal talent against him, Lawyer Moore made a successful appeal for justice and a verdict for the defendant was returned in about twenty minutes.

## FLOTSAM—JETSAM—LIGAN!

NEWSY NOTES FROM NATURE'S GREAT HIGHWAY.

The Sunshine passed down last night from Pomeroy.

The Jesse arrived this morning with a tow of Pomeroy coal.

The Henry M. Stanley will pass down tonight from Pomeroy.

The Keystone State from Pittsburgh passed down this morning and will return tonight for that port.

The W. F. Nisbet had been placed in the Pomeroy trade in place of the disabled Sherley, and passed up last night.

The Sherley upon examination proved a worse wreck than was at first supposed. The shifting of the bar has opened the seams all along her hull and the work of raising her has been found to be difficult. The hole in her hull is said to be about 25 feet long.

The Pittsburgh Press says: The outlook for river trade is encouraging for the coming season, and all coalboats now tied up in the Pittsburgh harbor will leave for down river markets on the first rise. Much freight is awaiting shipment down the river, and although the railroads have been carrying much of the regular river traffic, owners of vessels say that they will have plenty of business when down river navigation sets in.

Private dispatches yesterday gave the information that light tows of coal had left Pittsburgh on the present water, and it is thought that about 6,500,000 bushels were started. At Pittsburgh there is 5.8 and 7.4 at the dam, while the Allegheny has a 2.4 stage and has risen over 1 foot. The rains fell in the river-making section of the mountains all day Wednesday. A substantial and general rise has occurred in the Ohio during the past twenty-four hours, and it continues rising at all points. The up-river stages are: Ft. Pleasant, 5.5; Charleston, 6.5; Portsmouth, 6.6.

### SHEETS AND PILLOW CASES.

Two ways of getting sheets and pillow cases. First way: Buy the cloth, tear it into lengths, stretch it even, turn the hems, sew them, then wash, iron and air the sheets. Second way: Come here and buy these Sheets and Pillow Cases all made by experts. Washed, ironed and ready for the guest chamber—or your own. Which of these two ways is best? The price is the same in both cases, only in the first place you save nothing by your drudgery.

COMMON SENSE PEOPLE long ago found out the convenience and time-saving in made sheets and pillow cases. No worry, no sewing, no trouble and you have ready-to-use sheets and cases for the same money the muslin would have cost. Sheeting manufacturers charge nothing for the making of these goods nowadays because they have to do it in order to sell the sheeting. It's just like our tying up packages.

SHEETS—Heavy Utica Muslin, ten-quarter, liberal hems. Unbleached 39c. Bleached 49c.

PILLOW CASES—Utica and Pepperil Muslin, 36x44 broad hem, neatly finished, 10c.
